Real World Comparison

Metric	Conventional Student	IBIX Student
Degree	 Academic degree only → Limited industry relevance	 Degree + Industry-ready skills → Immediate job readiness
Certifications	 Few or none → Low credibility	 Multiple Vendor & Global certifications → Recognized worldwide
Real Projects	 Local projects only → Minimal exposure	 Hands-on international projects → Real-world experience
Starting Salary	 Low → Negotiation challenges	 High → Premium offers from day one
Job Search Time	 6–12 months → Extended uncertainty	 Less than 1 month → Rapid placement
Market Value	 Low → Often overlooked by employers	 High → In-demand talent globally
Career Growth	 Slow → Years to reach higher levels	 Accelerated → Fast promotions and growth
International Opportunities	 Rare → Mostly local opportunities	 Frequent → Global career mobility
