

**Job Title: Research Associate**

Company: Fortix – UK-Based Supported Living Care Company

Location: Islamabad (Onsite)

Employment Type: Full-Time (12-9pm)

Working Hours: Aligned with UK business hours

About Fortix

Fortix is a UK-based supported living care company specializing in services for individuals with **mental health conditions, autism, and learning difficulties**. We work closely with local authorities and partners across the UK to ensure compliance, quality care, and operational excellence.

As part of our expansion, we are seeking a **Research Associate** to support our UK teams through research, documentation, data analysis, and operational assistance. This role is ideal for a **fresh graduate** looking to begin a professional career in an international environment.

Role Overview

The Research Associate will assist in gathering, analyzing, and presenting information related to UK care standards, policies, operations, and internal processes. The role requires strong English communication skills, attention to detail, and a willingness to learn.

Key Responsibilities

- Conduct research on UK policies, care standards, compliance requirements, and operational practices
 - Assist in preparing reports, summaries, and documentation for internal and external use
 - Support data collection, basic analysis, and record management
 - Coordinate with UK-based teams to gather information and clarify requirements
 - Maintain accuracy, structure, and confidentiality of all research materials
 - Assist with ad-hoc tasks supporting business operations and decision-making
-

Requirements

- Fresh graduate from a recognized university (any relevant discipline)
- **Strong spoken and written English (essential)**
- Research-oriented mindset with good analytical and comprehension skills
- Ability to organize information clearly and professionally
- Basic proficiency in MS Word, Excel, and PowerPoint
- Willingness to learn and adapt in an international work environment

**What We Offer:**

- Market-competitive salary – Rs 70,000 During probation.
- Salary review and increase after probation, based on performance evaluation
- Structured training and long-term career growth opportunities

Work Schedule:

- The role operates on a Monday to Sunday (7-day operational schedule).
- Employees are required to work five (5) days per week based on an advanced rotational system.
- Weekly off days will be assigned in advance in accordance with the rotational and business requirements.
